

## EXTRUSION

# Producing millions of feet of medical tubing annually

- ▶ New Product Development
- ▶ Core Mandrel
- ▶ Corrugated & Smooth Corrugated
- ▶ Single- and Multi-lumen
- ▶ Expandable
- ▶ Heated Wire

**80+** Extrusion Lines

- ▶ Broad range of materials including commodity, engineered and highly engineered
- ▶ Extremely tight tolerances with diameters ranging from:
  - 0.9 to 25mm for single- to multi-lumen (0.034-1")
  - 8 to 38mm for corrugated (0.31" - 1.5")
  - 1.2 to 2.9mm for core mandrel (0.48 - 0.115")
- ▶ Successful track record of process innovation to deliver novel tubing concepts with inline manufacturing for quality and value
