

INJECTION MOLDING

Depth and breadth of expertise in complex molding processes

- ▶ Insert molding
- ▶ Two-shot molding
- ▶ Overmolding
- ▶ In-mold decorating

120+

Injection Molding
Presses

5 to 940

Tons Press Sizes

- ▶ Hundreds of materials including high temp and highly engineered
- ▶ Best-in-class DFM support with predictive engineering and Moldflow®
- ▶ Advanced molding technology such as Kistler sensors, systems, and software solutions for quality assurance
