One source. Unlimited solutions.

DESIGN & DEVELOPMENT

- ▶ Full Design & Development Support
- ▶ Design for Manufacturing
- ▶ End-to-end Engineering Support
- ▶ Prototypes

COMPLEX MOLDING

- ▶ Injection Molding
- ▶ Dip Molding
- ▶ Blow Molding
- ▶ Precision Gears & Drivetrains

COATING SOLUTIONS

- ▶ Application
- ▶ Automation & Equipment

EXTRUSION

- ▶ Single- and Multi-Lumen, Taper & Profile
- ▶ Core Mandrel
- ▶ Corrugated, Smooth Spiral, Expandable & Embedded Heated Wire

TOOLING

- ▶ Design & Predictive Engineering
- ▶ Fabrication: In-house Quick Turn and Long-term Partners

MANUFACTURING & ASSEMBLY

- ▶ Sub-Assemblies to Finished Devices
- ▶ Automation & Equipment

Delivering for Demanding Markets

MEDICAL DEVICE & LIFE SCIENCES

- ▶ Interventional and Implants
- ▶ Robotic and Minimally Invasive Surgery
- ▶ Respiratory, Sleep & Anesthesia
- ▶ Drug Delivery
- ▶ Diagnostics
- ▶ Orthopedics & Spine

Global quality

An unwavering focus on quality and world-class execution is the cornerstone of our organization. We have developed robust Quality Management Systems to ensure we meet applicable regulatory requirements and manufacture devices with consistently high quality.

The difference that drives our growth – and your results

Three core principles shape how we think,
lead, and deliver what's next.

▶ MAKE IT HAPPEN MINDSET

An entrepreneurial mindset is part of our DNA: Get it done. Don't settle. Take action.

▶ THE EXPERT IS ALWAYS IN

Deep expertise meets true collaboration — so you get smart solutions and support at every step.

▶ KEEP BUILDING MOMENTUM

We're always expanding our capabilities and footprint — so we can help you get farther, faster.
